Candidate for Alabama's 2nd Congressional District Seat Sponsors Trip for Future Business Leaders of America

Dothan surgeon and businessman Dr. Craig D. Schmidtke has made a generous contribution to the Future Business Leaders of America at Slocumb High School. Dr. Schmidtke has agreed to fund a trip for FBLA students so that they can attend the state competition. It will be the first time in at least 10 years that Slocumb High School FBLA members have attended the event, which includes computer, economic and marketing competition. The competition is being held at the Sheraton Hotel in Birmingham, AL on April 17th and 18th. Dr. Schmidtke's contribution of \$1,230.00, will allow seven students and the FBLA advisor to make the trip.

The needs of the FBLA students came to the attention of Dr. Schmidtke when one of his patients, who happened to be part of the organization, mentioned it during a doctor's appointment. The contribution is another display of Dr. Schmidtke's commitment to education and valuable organizations like the Future Business Leaders of America.
